

Madison Group recommits to OneVue Platform

OneVue has today announced it has signed a 5 year extension agreement with the Madison Group's white label *WealthPortal*, OneVue's largest Platform Services client. The signing has reinforced both parties' commitment to continue growing and developing the *WealthPortal* offering which serves Madison's 100 financial advisers nationally, as well as a growing number of non-Madison financial planning professionals who use the *WealthPortal* platform.

OneVue's Platform technology underpins the *WealthPortal* white label offering and the partnership between Madisons and OneVue has been forged for more than a decade.

OneVue Group Managing Director Connie Mckeage commented on the agreement: "The relationship with Madisons has made us better and more focused as an investment platform provider. The Madison Group advisers and leadership often have excellent ideas to improve the platform's functionality and user experience and their feedback is extremely valuable to us in contributing to our technology development pipeline."

WealthPortal's Managing Director Mark Perry said: "We are pleased to continue our long-standing partnership with WealthPortal and the Madison Group. The next five years will be the most exciting yet and the partnership we have with OneVue is built on trust and a shared vision of how we can shape the future. Over the years the partnership has enabled us to deliver a number of 'industry firsts.' We have a depth of industry-leading platform improvements, often initiated by our users, and we want to drive forward this agenda over the next few years with OneVue as our partner of choice."
